RAC Update

It's official. RACs are coming to all 50 states and Medicare has published the planned roll out schedule. What is your facility's plan for preparing for RACs? In this audio conference we will cover a brief history of the RAC initiative, its current progress toward nationwide rollout, and how to prepare for tracking RAC requests, coding audits, and increased scrutiny on one-day stays.

Join **The Coding Group's** live audio conference/webinar on **Thursday, February 14, 2008**, from 10:00 a.m. to 11:00 a.m. Pacific.

This training session will provide attendees with a clear understanding of the following:

- ✓ The Medicare recovery audit contractor (RAC) process
- ✓ The history of the RAC demonstration process
- ✓ The planned rollout schedule for nationwide RAC audits
- ✓ Areas of focus by RACs so far
- ✓ How to prepare for RAC audits

Who should attend?

- Compliance officers
- Coding managers
- Coders
- Revenue cycle managers and directors
- Coding auditors
- Case managers
- Charge master staff
- Reimbursement analysts

Level: Intermediate

Meet our esteemed speaker!

Kristi Stanton, RHIT, CCS, CPC

Ms. Stanton has over 12 years of experience in the coding field. As a member of The Coding Group team, she oversees the development of coding training materials and trains clients on the latest coding trends. She has toured the country speaking on various ICD-9-CM and CPT coding topics, particularly vascular interventional radiology, for which the American Academy of Professional Coders and Northern Colorado Health Information Management Association have asked her to speak. She previously worked as a national coding consultant, an interim manager, project manager, auditor, educator, and backlog coder as well as a coding supervisor and coder in Colorado.
